

Honeywell APUs

More Support. More Service. More Capability.

StandardAero is a Honeywell GTCP36 and RE220 APU Authorized Service Center, offering one-stop support and service. Our certified technicians give you the most comprehensive, experienced service in the industry from locations in Augusta, GA and Maryville, TN.

Fast Turns To Get You Back In Service

Whether you operate a fleet of APUs or a single pack, we will support your needs with a combination of fast turn-times and world-class customer service. Our in-house processes restore your components to OEM specifications, protecting your bottom line, while our dedicated field service teams keep you flying, 24/7!

For AOG situations and emergency troubleshooting, please call us at: **+1 865.380.2284**
